

Request from Towada City

For Foreign Residents in Towada City

We would like to ask for your understanding and cooperation in neighborhood association activities.

Neighborhood associations are voluntarily run by the people who live in the neighborhood. We work to promote friendship and interaction on a daily basis and solve community issues together. We are contributing to the creation of a livable community even in places you don't usually notice. It is the closest mutual aid organization that is very reassuring in times of emergency. Let's join a neighborhood association and work together to make our community a better place to live!

Main Activities of Neighborhood Associations.

Garbage Disposal Assistance

We work for the environmental sanitation of the community by installing and maintaining garbage collection stations.

Clean Up the Community

Local environmental beautification activities such as cleaning gutters, mowing grass and flower planting, etc.

Aiming for a collaborative city built by everyone.

Convey Information

We provide information by distributing public relations papers published by the city and creating community bulletins.

Preparing for Disasters

Conducting disaster drills and discussing the division of roles in case of earthquakes or other disasters.

Protecting a Safe and Secure Lifestyle

Activities such as crime prevention and traffic safety. In addition, security lights have been installed and electricity costs are covered by association fees.
